Irene Hung

Toronto, Ontario, Canada

My goal as an artist is to explore and experiment with different art forms to express my personal creativity and vision. I draw upon God's presence in my life which is an important part of my practise.

My artistic journey began with Chinese brush paintings lessons in high school. I immigrated to Canada in 1995 and began incorporating my new western influences into my artwork. In recent years I have joined the Willowdale Group of Artists, the Dynasty Watercolour Association and the Bayview Watercolor Society.
